1. Select six emojis. Trim them to fit on the side of a foam cube.

2. Use double sided tape to tack them to the foam cube.

3. Cover the foam cube with clear tape. Trim tape so rice doesn't stick to the tape.

4. Fill the container halfway with colorful rice. Add the emoji cube.

5. Seal the container with duct tape. Ask a question, shake it up, and get your emoji answer!
